

Wink Light

TAILORED LIGHTING SOLUTION THAT CREATES AMAZING EFFECTS

Take your event to the next level using the latest lighting technology that helps create immersive experiences, [Wink Lights](#). They're far from average and can make a low-budget event look expensive because of their visual LED beam and wash effects, and can make any high-profile event that extra-bit better.

MAIN FEATURES & BENEFITS

- Powerful LED moving head fixture that creates eye-catching, bright, wide and narrow branded beam colours
- Mind-blowing light movement due to its infinite pan and tilt rotating abilities
- Cost-friendly option that's attractive to all event budgets, and can provide variable electronic dimming and strobe effects
- Unique, colour-customizable LEDs sit around the face of the light to enhance your overall room design and theme

WORKS FOR

- Big event or small, wink lights are the perfect lighting solution for every event planner that cares about enhancing room design and attendee engagement because they add to the beauty of any meeting space and stimulate focus and attention
- Overall, [Wink Lights](#) are a client-favourite because they're affordable and accentuate fundamental lighting to create dynamic experiences. For their ultimate effect, we recommend a minimum of 10 [Wink Lights](#).

TAKE ACTION
