## **COMMUNICATIONS**

We at Lakeshore Communications appreciate the opportunity to develop a viable relationship with The Greater Toronto Hotel Association and its members.

We believe that we can offer the best pricing in the industry for all radio communication needs. As a result, we have developed a partnership that would benefit the members of the GTHA. We are pleased to offer you deep discounts on our product, for excellent cost savings. Most importantly, our customer service is second to none.

After careful consultation with your organization we have come up with special pricing on radios that will work well in a hotel environment. We have committed discounted pricing on these radios for GTHA members and have selected a few radios that will best serve your needs. These prices are based on an order of **1-5 units** and deeper discounts will be applied based on larger volume orders.

We understand the necessity of reliable communications between your staff, and we are committed to providing superior service and care to the members of the GTHA. As a commitment to your service we are offering a 15% discount on service rates for all GTHA members. Ship your radio to us and we will have it repaired and sent back to your location in a timely fashion nationwide. Please ship any repairs to.

Repair, c/o Daniel Chometa  
30 Meteor Drive  
Toronto Ontario  
M9W 1A4

For any questions related to this new partnership, please contact your Lakeshore Representative who is familiar with your pricing and the needs of GTHA members. [Daniel Chometa](#) can be reached directly at Lakeshore Communications (416)675-2929 or Toll Free at 1-866-232-2201.

***Exclusive Offer for members of the GTHA...***
